B.Sc. Computer Science | St. Aloysius College Jabalpur

July 2019 – May 2022

Jabalpur, India

XII | Jawahar Navodaya Vidhyalaya

April 2017 – April 2018

Dindori, India

## PROJECTS

Mailbox Client |  | 

- HTML, CSS, JS, ReactJS, Redux
- Implemented efficient GET, POST, and PUT requests to Firebase, resulting in 30 per cent reduction in data retrieval time for user-specific information.
- Mailbox client is an application where users can send and receive mail. Each user has their own account. Sent items and inbox are maintained separately at the backend.

E-commerce Website |  | 

- HTML, CSS, JS, ReactJS, React Hooks
- Built an E-commerce application enabling seamless product exploration and cart manipulation. Worked on user authentication, resulting in increase in user improved data security.
- Empowered administrators with exclusive product management control and streamlined order oversight for a user-centric shopping experience.

Text Converter - TextUtils App |  | 

- HTML, CSS, JavaScript, ReactJS, React Hooks
- TextUtils is a simple and user-friendly text manipulation tool built with React. It allows you to easily convert text to uppercase, lowercase, and remove spaces and some more functionality. Build a responsive frontend design resulting in reduction in bounce rates and improved accessibility across various devices.
